

THE MCSM SPEAKERS BUREAU

MCSM is establishing a Speakers Bureau to match knowledgeable Gun Owners, Gun Rights supporters and Professionals to groups eager for information they may provide, generally in the Gun Rights and Personal Protection areas.

Do you have something to say? Are you articulate and have full knowledge on your subject in an MCSM area of interest?

We are looking for a few good patriots who can stir the soul like our friend Sam Adams here. Pick your topic; Constitution to CCW, Ballistics to Camouflage, Law to Lawlessness to Self Defense, even physical and mechanical areas. MCSM will establish a list of speakers and topics and invite them to preview a presentation on their topics at an MCSM meeting. Then you will be paired up with Outside Groups seeking speakers.

Does your team have a desire to know and a curiosity about the issues around you? MCSM can find you a coach! Are you curious about the seeming conflict between Constitutional Law and criminal use of firearms Vs armed self defense? Are your interests more basic like hunting, collecting, mechanics, reloading, etc.? If so, MCSM can find a speaker to visit, discuss, educate and motivate the team. Lets hear one from the Gipper!

If you can be a speaker or a listener, send an e-mail to MCSM with the particulars of your ability or need. Be as detailed as you can on as many subjects as you care. MCSM will work with you to understand your topics and assess your abilities and find groups and speakers who are well suited to each other. When the Speakers Bureau reaches enough speakers and interested groups and when a match is made, we will help you work out a speaking arrangement. Contact MCSM by way of the e-mail link on this page. Come on out and get active.
